MADE IN CHINA

⚠ Safety Notice:

- Always disconnect power before connection.
- Always ensure connections are secure before operation.
- Do not use if wires or plugs are damaged.
- Keep small parts away from children and store safely when not in use.

⚠ Firmware Notice

This product runs factory firmware V6.05, fully compatible with VESC Tool V6.06 and above.
"**Limited Mode**" or "**firmware older**" prompts are normal and do not affect operation.
To disable upgrade notifications:
VESC Tool: Edit → Preferences → UI → uncheck "*Show firmware update message*" → **OK.**

Important:
- Upgrades are not recommended unless necessary.
- For upgrade support, contact us.
